INTRODUCTION

The Low Profile Chest Rig is a simple method for carrying gear close to the body. Intended for use under an outer garment. Our patent-pending dual-layer Skeletal™ Cummerbund allows items to be mounted on the inside face and held tightly against the body. Stretch back allows for chest expansion while still keeping gear held tight. Zip front for easy don/doff. Made in the US from US materials.

FEATURES

- Dual-layer Skeletal™ Cummerbund
- Zip front for easy don/doff
- Holds gear close to body for concealment under an outer garment

OPERATOR INSTRUCTIONS

ZIPPER ORIENTATION

The zipper on the Skeletal™ Cumberbund is oriented from top to bottom for easy don and doff access.

The zipper should be oriented as shown above.

REAR ASSEMBLY / ADJUSTMENT

To adjust the chest rig for proper fit, complete the following steps:

Route one side of the **3-BAND SKELETAL™ CUMMERBUND** through the vertical webbing slots on the **REAR STRETCH PANEL**. Insert the vertical snap tabs through desired horizontal webbing slot on the cummerbund and snap closed.

Tuck tab ends under the center webbing slot as pictured above. Repeat this process on the opposite side.

Route the **ELASTIC CORD** through the end slots on the cummerbund and secure with an overhand knot.

For smaller adjustment, the cummerbund webbing can be overlapped and secured as shown in the image above.

HARNESS ATTACHMENT / ADJUSTMENT

To adjust the harness for proper fit, complete the following steps:

Route the harness webbing behind the cummerbund and then up and through the horizontal slots.

Secure the end of the webbing by routing the end of the strap through the tri-glide and then back down on itself.

Repeat the previous steps for the other side of the cummerbund.

The front of the harness can be assembled in the same manner as the rear.

We spend as much time as we can with users, continuously incorporating their experience and feedback into the gear. We give them our full support and are indebted to them for their service and their sacrifice. We make uncompromising gear for uncompromising individuals. We work hard to provide smart, high-performance, long-wearing gear for people who demand the best. We make all of our gear in America from American materials. Every item is designed to help you perform better.

WARRANTY

If a defect in materials or workmanship is found in any of our products, we will repair or replace it, free of charge, for the lifetime of the product. This excludes normal wear and tear. Be aware that the customer is responsible for any and all return shipping charges. This applies to the original purchaser and is nontransferable.

BODY ARMOR

It is against Federal Law for a person convicted of a violent felony to purchase or possess body armor. In addition, various states also have laws restricting the purchase or possession of body armor by persons convicted of certain felonies, other crimes of violence, or drug crimes. By purchasing body armor, you acknowledge and certify that (i) you have no felony convictions, (ii) you have not been convicted of any other crime that would restrict your ability to purchase or possess body armor under any Federal or State law, (iii) you do not intend to use the body armor for any criminal purpose and (iv) you are over 18 years old. Crye Precision reserves the right, in its sole discretion, to refuse to sell body armor to any person. Additionally, the sale of body armor to residents of Connecticut is restricted to in-person sales, unless the sale is made to certain law enforcement or military personnel. We require that all orders of body armor be accompanied by a government issued photo identification.
