

# AIRFRAME™ HELMET COVERS

CRYE PRECISION™

## FEATURES

- Easily attaches and detaches with VELCRO® brand mounts
- Camouflages the AIRFRAME™ helmet
- Allows attachment of NVG battery packs, IR tape, strobes, etc.
- Doesn't interfere with AIRFRAME™ ventilation
- Sewn-in attachment points for local vegetation/jute

### A AIRFRAME™ HELMET COVER

The AIRFRAME™ HELMET COVER helps camouflage the helmet and provides points to attach items such as NVG battery packs, IR tape, strobes, etc. Finely tailored to avoid interfering with the ventilation of the helmet. It includes multiple attachment options for local vegetation/jute. Attaches with included VELCRO® brand hook-and-loop straps.

### B AIRFRAME™ HELMET COVER CUTOUT

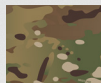

Same base design as the AIRFRAME™ HELMET COVER, but with the addition of a laser-cut hole in front panel. This allows for easy removal of helmet cover without unscrewing NVG mount.
