## DESIGN

Our FR Combat Apparel features our innovative High Strength Commando Twill™ fabric. Constructed with inherently FR fibers, it is incredibly light yet strong. The engineered stretch allows for a slimmer cut while maintaining maximum mobility. Pockets are low profile and engineered to reduce bulk while still allowing room for all essential gear. Built-in knee pad adjuster and padded adjustable waistband. Flame tested on NC State's Pyroman (in accordance with ASTM F1930) for an optimized thermal protection level. Designed for use with our removable **AIRFLEX™ COMBAT KNEE PADS** (sold separately). Made in US from US materials. [WWW.LWPATENTS.COM](http://WWW.LWPATENTS.COM)
