5. Streamlined elbow pad configuration designed for use with our removable patented **AIRFLEX™ ELBOW PADS**
6. Water shedding bicep pocket opening

DESIGN

The G3 ALL WEATHER COMBAT SHIRT™ is based on the same no-compromise design of our **G3 COMBAT SHIRT™** but built from a 4-way stretch woven laminate treated on the exterior with Nano STX™ for extreme weather resistance. The new G3 ALL WEATHER COMBAT SHIRT™ is designed to offer the versatility of our proprietary **G3 COMBAT SHIRT™** architecture combined with the moisture and temperature management features needed when operating across a wider temperature range. A wicking, midweight, high-performance flame resistant DRIFIRE® knit torso and reinforced 4-way stretch laminate sleeves provide a warmer base than our standard **G3 COMBAT SHIRT™**. Large easy access zip vents allow a massive amount of ventilation when needed. Designed for use with our removable patented **AIRFLEX™ ELBOW PADS** (sold separately). The G3 ALL WEATHER COMBAT SHIRT™ features additional stretch woven upper back coverage for added weather protection and a zip collar that allows easy donning and doffing. Patented, see WWW.LWPATENTS.COM. Made in US from US materials.
