## DESIGN

Uniform pant designed to provide weather resistance in mild temperatures. Constructed from a lightweight stretch nylon and treated with a water repellent finish to keep you dry. Allover stretch provides enhanced mobility. Pockets are low profile and engineered to reduce bulk. Mesh venting for maximum air-flow and breathability. Can be layered with the Aclima® baselayer bottoms underneath in cooler temperatures. Designed for use with all removable **AIRFLEX™ SERIES FIELD KNEE PADS** (sold separately). Made in US from US materials.
