DESIGN

A great balance between an outer garment and an insulation layer. Our **LOFT JACKET™** offers the right amount of functionality to be an ideal solution for most cold days and nights while remaining light and minimal enough to be worn comfortably under nearly any shell (such as our **FIELD SHELL™**) as conditions worsen. The outer fabric is Nano STX™ treated to shed water and snow. Midweight ClimaShield® insulation for versatility and packability. The fit is athletic for wear under shells, if you prefer a loose fit, choose one size larger. Made in US from US materials. Lead times apply. Pleaes **CONTACT US** for details.
