

MODULAR BALLISTIC COLLAR

AVS066

FEATURES

1. Removable Level IIIA protection
2. Side opening for easy removal
3. Adjustable front and rear straps for easy attachment to most ballistic vests
4. Rear VELCRO® loop placard for attaching ID patch
5. Side elastic bands for secure attachment to shoulders
6. Lightweight inner stretch fabric for contoured fit

DESIGN

The Crye **MODULAR BALLISTIC COLLAR** provides Level IIIA protection and is designed to be easily attached to the **AVS™**, **CPC™** and **LVS™** tactical vest. Side opening VELCRO® tabs allow for easy adjustment and easy don and doff. Front and rear webbing straps and side elastic loops ensure a secure attachment to almost any vest system. Large rear loop panel allows users to place ID patches on the back of collar.
