

AVS™ STANDARD PLATE POUCH SET

AVSPS4

DESIGN

Sold as a set (front and back), $\mathbf{AVS}^{\text{\tiny{TM}}}$ STANDARD PLATEBAGS are custom fit for each plate size and are designed to work with standard ballistic inserts. Can be configured with the ${\bf AVS}$ HARNESS or separately with the 2-BAND SKELETAL™ **CUMMERBUND** for a simpler plate carrier configuration. Front platebag features a VELCRO® brand loop panel that allows the attachment of the $\mbox{\bf AVS}$ detachable front MOLLE or Mag Pouch Panels.
