DESIGN

The **G3.5 COMBAT SHIRT FF™** is a fusion of tradition and innovation with a design that is custom patterned for females. This cutting-edge design is the result of meticulous user feedback integration and the marriage of the signature features of the G3 COMBAT SHIRT™ with the inherent stretch and light weight of the VTX RIPSTOP™ fabric found in the G4 line. The G3.5 COMBAT SHIRT FF™ includes a flame-resistant, moisture wicking torso, thermo-bonded shoulder pocket flaps and a zip collar for neck protection. The unique shaping, which creates a slimmer profile and reduced bulk while increasing mobility, provides uncompromised performance built specifically for women. Designed for use with our removable **AIRFLEX™ ELBOW PADS** (sold separately). Made in the US from US materials.
