

IIIA SAPI INSERT

INSP02

FEATURES

- 1. Level IIIA soft armor using AS3510 package
- 2. Durable, water-resistant, 70D, nylon ripstop cover
- 3. RF-welded seams

DESIGN

The **IIIA SAPI INSERT** provides Level IIIA ballistic protection and is designed to fit behind a SAPI-shaped, in-conjunction plate, or used alone in a variety of carriers. The **IIIA SAPI INSERT** works with all Crye Precision SAPI carriers. It's offered in four sizes and is sold individually. Made in the USA—Berry compliant.
