

LPV™ TRACE FLAP

LBM071

FEATURES

- 1. Integrated zipper pocket
- 2. Can be used as an LPV™ M4 LOWDRAW TRIPLE adapter
- 3. Titanium, quick-attach G-hooks
- 4. Center-secured retention straps
- 5. Low-profile, expandable construction
- 6. Water-resistant exterior

DESIGN

The LPV™ TRACE FLAP equips LPV™ systems with a convenient stash spot for pen and paper, maps, or quick-reference cards. On the front, a MOLLE row is available to convert the LPV™ M4 LOWDRAW TRIPLE to an overt configuration with a conventional draw stroke. A low-profile construction keeps the silhouette flat when empty, but expandable when needed. Titanium, quick-attach G-hooks at the flanks secure the flap to the vest while reducing thickness. The LPV™ TRACE FLAP is constructed from laser-cut, water-resistant, laminated fabrics. Made in the USA—Berry compliant.
