

LVS™ FEMALE FIT

LVSBV3

FEATURES

1. 3D-formed armor panels match the human body—delivering enhanced comfort and concealment
2. Includes two built-in pockets suitable for radio, rifle mag, pistol, or pistol mags
3. Anti-microbial fabrics used throughout
4. Proprietary forming technique eliminates crumpling of armor
5. Compatible with **LVS™ TACTICAL COVER FEMALE FIT**
6. Optional side armor panels are available
7. Narrow and wide elastic straps provided with vest
8. Available in regular, short, and long lengths to provide an optimal fit for all users
9. THREAT LEVEL—CERTIFIED NIJ-0101.06 TYPE IIIA

DESIGN

The **LVS™** sets a new standard for concealable body armor. Our proprietary three-dimensional forming technology allows the shape of the vest to directly match the contours of the human body—delivering an unprecedented level of concealment and comfort that only this production process can deliver. Because it's molded, the armor will not crumple and fold up in the bottom of the carrier. In fact, the **LVS™ FEMALE FIT** requires no external carrier at all. This is due to its unique, configurable architecture. This construction greatly reduces bulk and visual printing. Made in the US from US materials.

SIZE:
