

LVS™ OVERT COVER (MAG POUCH)

LVSCVD

DESIGN

The LVS™ OVERT COVER with integrated mag pouch optimizes the **LVS™** for wear on top of apparel. Various colors are available and it offers ample VELCRO® areas for agency ID, plus it allows for easy laundering and can accept rifle plates while still being extremely low profile. This version includes an integrated magazine pouch on the front panel that can hold up to three 5.56 mags. This cover is best paired with concealable plates. Plates over ¾" thick are not recommended. Made in US from US materials.
