

LVS™ PLATE HOLDER

LVSPH1

FEATURES

- 1. Lightweight durable 70D exterior for concealability
- 2. Lightweight durable stretch woven interior for breathability
- 3. Easy top opening access point for inserting plate
- 4. Front and back height adjustment for side closure straps
- 5. Elastic back strap for breathability
- 6. Adjustable low-profile shoulder straps

DESIGN

The LVS™ PLATE HOLDER lets you adjust the ride height of rifle plates and it helps stabilize them. It is able to be integrated inside any of our **LVS™** covers or worn alone as an exceptionally minimal plate carrier. This Plate Holder is best paired with concealable plates. Plates over ¾" thick are not recommended. Made in US from US materials.
