## DESIGN

The EXP 2100™ PACK is the larger version of our **EXP 1500™ PACK** with a few additional features. It's a clean low-profile pack that's highly adaptable to support the changing demands of your day or mission. The EXP 2100™ PACK can be quickly expand to add 900 cubic inches of extra volume. It can also extend to carry items up to 29" long. The EXP 2100™ PACK's sleek uncluttered appearance has no outwardly glaring military features, blending well into urban environments as an everyday use bag while still offering maximum tactical utility. H: 21" (29" Extended) W: 12.5" D: 9.25" (12.75" Expanded) Made in US from US materials.
